

## NEARLY HALF OF CITY HALL LOAN OF \$10,000 PAID

City Clerk Writes Note Signers on Occasion of Last Payment Telling of Progress in Discharging Debt.

The city hall loan has been nearly half paid off. Ten thousand dollars was borrowed to complete the first floor of the municipal building and the Department Headquarters, citizens signing a note for that amount. Of the \$10,000 the city has paid \$4,649.42 in the eighteen months the city government has occupied the building, says City Clerk Tom Hughes in a letter to the men whose names are on the note.

The occasion for the writing of the letter was the payment of \$2,000 from the city hall fund on the note. The council authorized this payment at the last meeting when Alderman Ivan Grunfeld, pointing out that more money would come into the fund through tax collections next June, made a motion that \$2,000 be drawn from the fund for payment upon the note. A balance remains in the fund.

**Paid \$4,649.42 as Rent.**  
Since October 1, 1915, the city has

## CALOMEL TODAY, SICK TOMORROW

Dose of nasty calomel makes you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it crumbles into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a 50-cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may sicken you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

paid \$626 every three months as rent for the city hall. This rent is applied on the \$10,000 loan. From October 1, 1915, to April 1, 1916, the city has paid \$5,720 as rent. Of this sum \$2,649.42 was applied on the principal of the loan and \$3,070.58 was interest.

The signers of the note were: M. W. Flournoy, A. R. McMillen, Frank A. Hubbell, D. A. Macpherson, Grunfeld Brothers, P. F. McCanna, Strong Brothers, Max Nordhaus, Maroon & Wood, J. A. Weinman, Springer Transfer company, George A. Kassaman, Rosenwald Brothers, Mayor Boatright, the councilmen and City Clerk Hughes.

City Clerk Hughes' letter to the signers follows:

"Dear Sir: I take pleasure in informing you that, through your kindness in signing the so-called city hall lease note, the city has occupied the city hall building for a period of eighteen months and has during this time paid off \$4,649.42 of the \$10,000 borrowed to complete the first floor of the building, fire department and jail.

**\$4,649.42 on Principal.**  
"The city has paid the sum of \$5,720.00 as rent on the lease, of which \$2,649.42 was applied on the principal of the loan and \$3,070.58 was interest or the amount of rent actually paid.

"The additional \$2,000 was ordered paid on the lease out of the city hall fund March 20.

"Very respectfully yours,  
"THOMAS HUGHES,  
"City Clerk."

## TO THE MEN AND WOMEN OF THE CITY OF ALBUQUERQUE

Can the city of Albuquerque, which is inviting the people of the state to send their young men and women to our city to take advantage of our educational facilities afford to re-elect Boatright, the first mayor of Albuquerque to proclaim that there is no law to close the saloons on Sunday? Can Albuquerque, inviting people from all parts of America, to come here for their health and bring their children with them to be educated, afford to re-elect Boatright?

Boatright, the mayor under whom wine rooms have flourished more than ever before, is not the man for mayor.

Is it right that a student at the University of New Mexico, coming here from other parts of the state, be permitted to take a car at the University, and ride direct to a wine room, in the heart of the city?

Can the voters afford to elect a ticket which has the support of the Water Supply company, which took thousands of dollars from the water users through illegal interpretation of the water rates and refused to return the same when the New Mexico supreme court ruled that they were wrong and had no right to make those changes?

Boatright has protected the wine rooms. Boatright will continue to protect them. Boatright is a citizen-

## WEEK STAND OF GREAT PICTURE BEGINS TODAY

First Performance of "The Birth of a Nation" at Crystal Theater to Be Given at Matinee This Afternoon.

Quite the most wonderful of the many wonderful scenes pictured in "The Birth of a Nation" is that showing Sherman's march to the sea and the burning of the city of Atlanta. It is a view of a long, fertile valley extending for miles. Moving through this valley in straggling formation, or lack of formation, is the army of General Sherman. The view is so extensive that the soldiers appear but little larger than ants, yet the photograph is so clear that the form of each man is perfectly delineated.

Now and then a puff of smoke indicates return fire upon ships in

SHERMAN'S MARCH TO THE SEA.

water's man. Gillenwater is the water company's man.

Vote the democratic ticket and re-appoint Boatright, Gillenwater, and Romero.

100,000 pounds of the Very Best Colorado Rocked White Oats. These came to us direct from the ranch. Oats could not be better. E. W. FLETCHER.

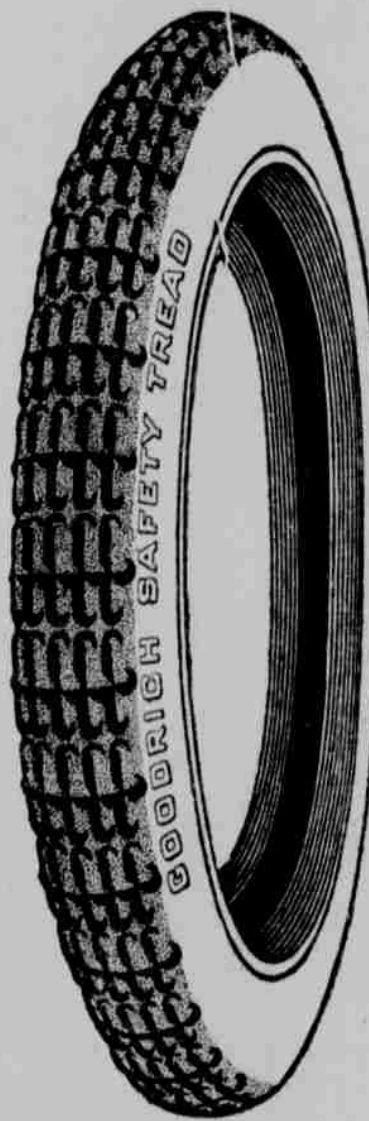

farm buildings. Now and then a barn is fired in, evident retaliation for a deadly bullet from its shelter, and the army of human ants is ever moving forward, wringing its way like a huge serpent toward its goal—the sea.

Atlanta is reached. Whether the burning of the city was a military necessity, or whether the conflagration was of accidental origin, chronicles of the time fail to agree, but Atlanta was sacrificed to the flames and the great fire is so realistically pictured in "The Birth of a Nation" that one can almost smell the smoke and hear the cries of the terrified people as they flee to the hills for their lives. Few make any attempt to save household effects, so great is their haste to escape the flames and the hated Yankees. Up the hills they rush, men, women and little children, an endless parade of misery, dread and hopelessness.

Sherman's army has cut its fearful swath through the heart of the south. Another link has been forged in the chain that shall bind the confederacy to the stake. Another move has been made in the big war game that is to end at Appomattox court house with the surrender of Lee.

It is a wonderful picture in very truth. Nothing like it has ever appeared on the screen, and it took a vast amount of labor and infinite patience to stage such a spectacle. "The Birth of a Nation" will be shown for seven days at the Crystal Theater, starting with matinee this afternoon.

## All black-tread Tires are NOT made— —of "BAREFOOT" Rubber

30 x 3 1/2	Ford Size	\$10.40
30 x 3 1/2		\$13.40
32 x 3 1/2		\$15.45
34 x 4	Safety Tread	\$22.00
34 x 4	"Fair-List"	\$22.40
36 x 4 1/2		\$31.60
37 x 5		\$37.35
38 x 5 1/2		\$50.60

THIS is to tell the People that Goodrich "BARE-FOOT-RUBBER" Value lies not in its COLOR but in its composition.

It lies in the especially devised Texture, Flexibility, Cling-quality, Stretch, Lightness and Resilience of that "Barefoot Rubber" which, through years of Research, WE developed to match the marvellous Flexibility, Resilience and Power-conservation of our two-layer-Cord "Silvertown" Tires.

Color alone would have been little help in making "Silvertown" Treads stand-up in the tremendous ENDURANCE Tests which the 100-Mile-per-hour-Races of 1915 provided.

And Color alone.—Black, White, Red, or Gray—can do little for the Consumer who buys a "Me-too" Black-Tread Tire, of imitated make, on the assumption that all Black-Tread Tires are likely to be made of same materials.

THE marvellous "Barefoot Rubber" now used in Goodrich FABRIC Tires (as well as in Goodrich "Silvertowns") is black only because we elected that color, primarily for distinction and association with our SILVERTOWN CORD Tires.

When, therefore, the usual crop of "flattering" Imitations sprouts upon the Market DON'T assume that OTHER Black-Tread Tires have in them the "BARE-FOOT-RUBBER" which made the enormous ENDURANCE of Silvertown Cord Tires possible in the 90 to 103 Mile-per-hour Races of 1914-15.

No Tires on the Market, Size for Size, and Type for Type, are LARGER than Goodrich, and none more generously good, at any price.

"Barefoot Rubber" is now made into Goodrich FABRIC Tires,—Goodrich "Silvertown Tires,"—Goodrich Inner Tubes,—Goodrich Truck Tires,—Goodrich Motor Cycle Tires,—Goodrich Bicycle Tires,—and Goodrich Rubber Boots, Overshoes, Soles and Heels.

Get a sliver of it from your nearest Goodrich Dealer or Branch.

Note (by comparison), the reasonably-low Fair-List prices at which these best-possible Fabric Tires are being sold, on a BUSINESS basis.

THE B. F. GOODRICH CO.  
Akron, Ohio.

## How the Republican Candidates Stand on the Water Question

\*\*\*\*\*

(From the Republican Platform—Adopted March 27, 1916)

"The water supply question is one of vital interest to the citizenship of the city and we believe it should receive same and serious consideration with the view of eliminating it from politics and political influences so far as possible and fixing its status permanently and thus relieve the people of the city from periodical fights with the private ownership of the company and secure for the people the best possible rates on water; and in order to do this we believe the city must own its own water supply; hence we are in favor of municipal ownership of the water supply system of the city.

"We pledge all our candidates not to make any final decision either to purchase or build a water supply system or to grant or extend any franchise therefor until these questions shall have been first submitted to and decided by the voters of the city at a special election to be called for that purpose."

NO ELUSION, NO DODGING THE ISSUE, NO SIDESTEPPING.

The Plain Statement of Clear-headed, Competent Business Men.

## The Republican Ticket

For Mayor, D. H. Boatright

For Clerk, Thomas Hughes

For Treasurer, H. T. Gardiner

For Aldermen

1st Ward, Angelo de Tulio

2nd Ward, H. S. Lithgow

3rd Ward, Jerre Haggard

4th Ward, John M. Moore, Jr.

## How the Republican Candidates Stand on the Red Light Menace

\*\*\*\*\*

(From the Republican Platform—Adopted March 27, 1916)

"We reaffirm our opposition of two years ago to the 'redlight' district, or brothel, and here again pledge our undivided opposition and resistance to the re-establishment of the same within our fair city. We are for a city clean and wholesome, a city prosperous and a city beautiful; we are for the fostering of all the constructive and uplifting forces of the city which promote higher ideals and better living."

## REMEMBER

Mayor D. H. Boatright has kept every promise he made to the people two years ago.

Mayor Boatright wiped out the redlight district.

Mayor Boatright has enforced the laws and given Albuquerque clean government in spite of the obstruction of a Democratic majority in the city council.

Mayor Boatright has run the city within its income—has paid \$15,000 of the debt left by the last Democratic administration and now has \$4,800 in the city treasury.

Mayor Boatright has been tried and found the man for the job.

The re-election of Mayor Boatright is now conceded--Give him a solid Republican city council to work with. Albuquerque has had all the divided city government it can stand. Business judgment and united action are needed. Every Republican candidate for the council is a respected, capable Albuquerque business man. Grave questions are to be determined for Albuquerque by the next city government. Cast your vote for Albuquerque.
